We are a diverse community made stronger by our common determination to stop suicide.

**American
Foundation
for Suicide
Prevention**

Dear Friend and Community Leader,

Suicide is a major public health concern. In the United States, 47,511 people died by suicide in 2019, and another 1.38 million Americans attempted to take their life (most recent statistics from the Center of Disease Control). On average, a Marylander dies by suicide every 13 hours. In addition, 79.4% of communities did not have enough mental health providers to serve residents in 2020.

While these data are alarming, suicide is a health crisis that is preventable. To address the increasing need for mental health awareness and suicide prevention efforts in our state, the Maryland Chapter of the American Foundation for Suicide Prevention (AFSP) works in partnership with businesses and community groups to **help save lives and bring hope to those affected by suicide.**

Over the last 10 years, the AFSP has grown from a grassroots network of researchers and volunteers into a national movement of chapters across all 50 states. AFSP is the largest private funder of suicide research. Because we have built the infrastructure to deliver evidence-based programs to local communities across the country, our work impacts millions of people. We are consistently ranked as one of the best charities for mental health, and we are powered by everyday heroes like our volunteers, donors, community partners, and sponsors.

We invite you to partner with the AFSP Maryland Chapter by sponsoring the annual **Annapolis Out of the Darkness Walk taking place September 18, 2021, at the Navy Stadium.** As a sponsor, you will fund programs educating Marylanders about suicide prevention, support those who have lost a loved one to suicide, and provide resource materials for schools, churches, local community groups, and workplaces across the state. Your funding will help create a **culture that is smart about mental health and suicide across all communities.**

Please review the sponsorship opportunities outlined in this packet. We would welcome the opportunity to discuss and customize our sponsor levels to meet your giving parameters and organizational priorities. We look forward to partnering with your organization to save lives and bring hope to Maryland.

In Hope,

Kat Olbrich
