

# ★ HONOR THEIR COURAGE ★

Dear

I am reaching out to request you bring Honor Their Courage, a program focused on Veterans Day, to our school. Launched in 2020, this initiative by Wounded Warrior Project® (WWP) utilizes Veterans Day to interactively teach students in K-12 about the history, sacrifices, and experiences of service members.

Veterans Day programming is often piecemealed together from various sources; however, Honor Their Courage is a first-of-its-kind, turnkey way to bring engaging content to our school around this special holiday. WWP has created both in-person and virtual content ranging from short activities to longer or multi-day ones with clear guides and directives. The educational program is flexible and customizable based on each school, class, or group that participates, so it can be seamlessly added to our fall curriculum.

WWP will provide our teachers with thought-provoking activities and custom videos with discussion guides to engage students. The interactive lessons and activities are tailored to specific grade levels and are accessible through their free online registration that also encourages social and emotional learning.

There is also an optional fundraising component through Honor Their Courage that creates a service-learning opportunity for students. We can incorporate school-focused activities to bring our school community together for a good cause. WWP is offering great incentives for the entire classroom that range from WWP decal stickers to a pizza or ice cream party, to a virtual meet-and-greet with a Wounded Warrior spokesperson sharing their story and answering questions in real time.

Visit [wwpfundraise.org/honortheircourage](http://wwpfundraise.org/honortheircourage) for more information.

If you have any questions about Honor Their Courage or would like to connect with WWP to learn more, please reach out to Jessie Carzoli from WWP, who is leading this initiative ([jcarzoli@woundedwarriorproject.org](mailto:jcarzoli@woundedwarriorproject.org) or 904.755.2792).

At WWP, they say that the greatest casualty is being forgotten. Our school community can ensure that does not happen to our nation's injured veterans.

Thank you for your consideration!
