

Instructions

Register in advance as a shooter at:

<http://hdsa.donordrive.com/event/njhoops>

Sign up as many sponsors as possible. Sponsors may pledge any amount for baskets that you make. Flat donations are also accepted.

Arrive at the facility 15 minutes before you are scheduled to shoot and sign in at the registration table. Bring your pledge sheet and any donations with you the day of the event.

About Huntington's Disease

Huntington's disease is a fatal genetic disorder that causes the progressive breakdown of nerve cells in the brain. It deteriorates a person's physical and mental abilities during their prime working years and has no cure. Every child of a parent with HD has a 50/50 chance of inheriting the faulty gene that causes HD. Today, there are approximately 30,000 symptomatic Americans and more than 200,000 at-risk of inheriting the disease. The symptoms of HD are described as having ALS, Parkinson's and Alzheimer's – simultaneously.
