NATIONAL TEAM

2022 IMPACT REPORT

Presented To:
Team Burns & Mac
Dear Team Burns & Mac,

Thank you for your commitment to our vision of a world free of MS. Your support is changing lives.

No one should face MS alone. And thanks to people like you, no one has to. The National MS Society is here for every person with MS – we always will be – until we find a cure for everyone. The nearly 1 million people living with MS and their families nationwide can count on us to partner with them to move their lives forward as we work together to end MS forever.

In 2022, our National Teams raised $7.4 million. Together we are stronger! There’s no doubt about that. Team captains rallied 7,000 event participants to join the MS movement. Thank you!

We will cure MS while empowering people affected by MS to live their best lives—that’s our mission, and to achieve this we provide global leadership to implement the scientific roadmap, Pathways to MS Cures.

We shine a light on the biggest problems and advocate for policies that solve them. We provide MS Navigator support and many other connections, so people affected by MS are empowered to live their best lives. Your partnership in this movement is critical to fulfilling our mission. Again, and again...thank you!

Sincerely,

"Team Burns & Mac first took the road in 2007, as a single bike team in Kansas City, and since then has become a fundraising force with 9 teams across the US and over $1 Million raised in lifetime fundraising. Every year, our associates inspire others to get involved in the MS movement, and our impact goes beyond the dollars raised and the miles cycled – it brings us one step closer to a World Free of MS."
