

Walk with us! One Walk. One Community.

Because patients depend on us to go the extra mile.

Join us for the Northwell Health Walk at Westchester

Sunday, May 22, 2022

10:00 AM

FDR State Park, Yorktown Heights, NY

REGISTER TODAY: NorthwellHealthWalk.com

Why Walking Matters

Walking at our Westchester location raises funds for leading-edge treatment for stroke patients at Phelps Hospital and advanced education for team members.

Your fundraising supports the most successful level of treatment of a stroke: minimally-invasive Neuro-Endovascular Surgery. Phelps' new Center for Advanced Procedures will allow us to expand this program and perform even more complex neurosurgical procedures. Timely intervention with patients experiencing a stroke and other neurological disorders is critical. Your support will allow Phelps to continue to expand these leading-edge services close to home.

The People Caring for People Education Fund funds education and training for Phelps team members to advance their ability to provide the exceptional, compassionate care for which Phelps is known. It allows them to be on the forefront of advances in healthcare and medicine and supports team members' ability to grow and advance in their careers.

Walk with Team _____! One Walk. One Community.

Because patients depend on us to go the extra mile.
