

Please Support Our 30 Hour Famine Event

Students at your school are taking a stand against child hunger by doing the 30 Hour Famine. Your support will help this event be successful. Help change lives and fight global injustice!

Dear <name>,

Every day, around the world, 18,000 children die from preventable causes – nearly half of them die because of hunger. This is not okay. The students at <name of group> are taking a stand against hunger injustice.

On <date of event>, we will fast (food, or furniture, or technology etc.) for 30 hours to experience first-hand what's it is like to go without. We are collecting donations to support hunger projects with funds raised going directly to help children and communities all around the world, including Canada. Thanks to a generous grant from the World Food Programme all funds raised through 30 Hour Famine will be multiplied X3!

We're also looking for donations of <list specific items> to help us run our event. If you could help, we'd appreciate it very much.

In return for your generosity, we will <list specific ways your group can promote the sponsor>. You can donate to our group and find additional Famine info at FAMINE.ca, or you can contact me at <your contact info>.

Thank you for your consideration.

Sincerely,

<Your Name>

<Your Group>
